De Vall Claims Work Would
Cost \$11,000 Less if
Given to Him.

In the supreme court Justice D. L. Scott granted an injunction which was served on Mayor McNamara at 11:30 this morning, restraining the city from signing the contract of W. J. Graham and M. McMahon for water main construction contract No. 1.
The injunction states that the plaintiff is Ambrose Eugene Voyer and was applied for through the firm of Short, Cross, Blagden, Sherry and Field. The writ grants that the defendant (the city) be restrained from entering into any contract with any person except one Claude L. DeVall for the work of the laying of the water mains in the city of Edmonton in 1914, described in contract No. 1 until such time as disposition of the application has been made.
C. L. DeVall submits an affidavit in this connection to the effect that he did \$10,000 worth of work during 1913 and has received all but \$30 of his money for the same. An extract from the injunction reads, "that in respect of contract No. 1 the three lowest tenders on a basis of the amount of work estimated by the city were as follows: DeVall, \$7,051; McMahon, \$81,642.45; and Graham \$2,068.70. The city engineer and waterworks superintendent nevertheless recommended to the city commissioners that the said last mentioned contract be awarded in part to McMahon and in part to Graham and the commissioners of the city have approved of the recommendation but no contract as yet has been signed."
The writ states further, "that my compliance with regard to the conditions and specifications as to form of tender security and all other matters of the kind was identical the same in contract No. 1 as in contract No. 2 and that I can carry out both contracts together as efficiently and quickly as either one or the other of them. That I know of no reason why my tender for contract No. 1 has been refused."
"By reason of the said contract being awarded to the higher tenderer the plaintiff and all ratepayers of the city will be compelled to pay in respect of the said work a greater amount by \$11,000 than they would be required to pay if the contract was made with DeVall," reads the statement of claim.
Mayor McNamara when asked as to his opinion on the matter stated that he thought, according to the injunction, that the claim was just.
The waterworks superintendent stated that his opinion was that the work could not be carried out in accordance with specifications by means of a trenching machine. DeVall proposes using a trenching machine and is willing to put up a bond as a guarantee that the specifications will be complied with.
DeVall has been awarded two miles of water main construction on the south side of the river this year. Commissioner Chalmers stated that he thought this was all one firm could satisfactorily handle in one year and that DeVall's way of doing it was not satisfactory last year except that there would have to be a certain amount of backfilling and ditching to be done. This is always the case where the earth in the trench settles, necessitating the filling of the trench to level the road and comes out of the contractors maintenance bond.
It is expected that the question will come up at tonight's adjourned meeting of the city council.

HUNDRED BLOOD STAINS
ON OVERCOAT IS CAUSE
OF A MURDER OPINION
Montreal, Que. 22.—A coroner's jury today declared Joseph Dion criminally responsible for the death of Marie Dubois, the girl who was murdered in her mother's house on St. Valer street on Sunday morning, May 10. This verdict brought to a conclusion the inquiry which has been going on since the day after the murder.
Dion, who maintained a phlegmatic air, was removed to jail through an enormous crowd. The evidence that led to the verdict was that of Dr. Brown, expert analyst of the Montreal morgue, who swore that the chemical test had proved the existence of over a hundred blood stains on the overcoat that the prisoner wore on the morning of the tragedy.

BECKER GUILTY! EXCHANGES CONTINUE OPEN UP IN EDMONTON

Bulletin, May 22.—Charles Becker has been found guilty in the Herman Rosenthal murder case.
The judge, in his address to the jury said: "This defendant is indicted for murder in the first degree, the indictment charging that he did, with malice and forethought, murder Herman Rosenthal on July 16, 1912. People do not claim he fired the shot, but that he demanded and procured others to do it. The indictment merely charges the crime and carries no implications."

Sequel to Election in Whitford Constituency Heard in Supreme Court.
CANDIDATE CAUSED ARREST OF RIVAL
Paul Rudyk Claims \$17,000 Damages From Andrew Shandro, M.P.P.

Alleging wrongful and malicious arrest, Paul Rudyk, of Edmonton, is suing Andrew Shandro, member of the provincial legislature for Whitford, for the sum of \$17,000 in the supreme court before Hon. Justice Scott. The case arose out of the election campaign which took place in April last in the Whitford constituency.
Rudyk was Shandro's opponent in the election and just prior to the election Rudyk was arrested and taken before a justice of the peace and charged with forgery of a letter purporting to be signed by the Hon. C. W. Cross, attorney-general.
Letter Repudiated
Shandro states that it was brought to his knowledge that the defendant was publicly announcing himself as the liberal nominee for the constituency and in support of his contention, was exhibiting on the platform at meetings the letter purporting to be signed by Attorney-General C. W. Cross, approving Rudyk's candidature.
Shandro, being himself the liberal nominee, communicated with Attorney-General C. W. Cross, who, it is alleged, denied that he had sent or authorized the letter. He then wrote a letter to Rudyk which was reported to be displaying in the constituency. Application was made before R. Stewart, justice of the peace, asking for the arrest of Rudyk on a charge of forgery and Rudyk was arrested on the 14th and remanded until the 18th when he was brought before C. H. Lawford at Fagan and discharged. A search warrant was also issued to Constable Schreyer, of the R.N.W.M.P., authorizing him to secure the letter.
Reputation Injured
Rudyk claims that he suffered "great pain of body and mind as well as annoyance, disgrace and loss of time and loss of credit and reputation, both as a private citizen and in his capacity as a candidate" also that he was prevented from exercising his rights as a candidate in the election. As general damages, he asks \$15,000 and special damages for loss of time, etc., amounting to \$2,000.
Rudyk is being represented by P. E. Ewing, K.C. and A. M. Sinclair, while defendant is represented by H. H. Earle, K.C. and W. J. Mustard.

UNEXAMPLER RUSH ON REGISTRAR OF STOCK COMPANIES
Fees From Oil Development Firms During Boom Exceed \$25,000
EXPERIENCE DIFFICULTY IN FINDING NEW NAMES
Deputy Provincial Secretary Trowbridge Will Investigate in Calgary.

The rush of oil company incorporations was greater than ever today. Twenty new companies with capitalization aggregating \$25,000,000 applied for incorporation this morning at the office of the Registrar of Joint Stock Companies before ten o'clock. The office door was open till 9 a.m. In the neighborhood of \$25,000 has been paid into the office of the registrar for registration fees by oil companies during the past week or two. The department estimated \$150,000 in receipts from company organizations for the whole of 1914. Already over \$100,000 has been received from this source and before the end of the present month it is expected that the receipts will have exceeded the estimates for the whole year.
Edward Trowbridge, deputy provincial secretary and registrar of joint stock companies, has been instructed by Hon. A. J. McLean, provincial secretary to go to Calgary to make personal investigation concerning certain companies which it is reported are doing business without having filed a prospectus and without having acquired any oil lands. Mr. Trowbridge leaves by tonight's train.

There was a long line of oil company promoters, grasping fat tails of bulls, standing at the counter of the registrar's office this morning and the staff is being taxed to the utmost. His checks and piles of bills are being received by every mail while every minute of the day brings telegrams from Calgary respecting oil company organization.
Some difficulty is being experienced now in finding new names for the companies to be registered. Some find that the name they wish for is already on the register and they are obliged to seek another. To avoid delay the department is advising oil company promoters to send a list of suitable names in the order of preference. An index of all the new companies is kept by the registrar. Some names have been refused on account of their misleading nature. One Calgary company sought incorporation today under the name of the Bankers Oil Company, with a capital of \$1,000,000. This name was refused, as being contrary to the Bank Act. None of the promoters were bankers.
Oil Stock Exchange
An interesting feature of the oil company operation is the organization of an oil exchange in Calgary. This was very much needed by the dealers and agents. The exchange will quote official prices of all stocks. Certificates of incorporation were granted to the following companies this morning:
Equity Oil and Petroleum Co., Ltd., Calgary \$1,000,000; Foothills Oil and Petroleum Co., Ltd., Calgary \$1,000,000; Trenton Oil Co., Ltd., Calgary \$1,000,000; Alberta Beaumont Co., Ltd., Calgary \$1,000,000; Britannia Oil and Natural Gas Co., Ltd., Calgary \$300,000; Pioneer Oil Co., Calgary \$300,000; Calgary Oil Exchange, Ltd., Calgary \$50,000; Durack Oil Co., Standard Oil Co., Calgary \$250,000.

Incorporation Asked
Applications were made this morning by the following companies for incorporation:
Petroleum Development Co. of Alberta, Ltd., Calgary \$2,500,000; London and Glasgow Oil Corporation Ltd., Calgary \$1,500,000; Superior Oil Co., Calgary \$500,000; Cooper Oil, Ltd., Calgary \$100,000.
In the following companies several are capitalized at a million:
Royal Oil Company of Alberta, Ltd., Calgary \$1,000,000; Development Co., Ltd., Turner Valley Oil Co., Ltd., Alberta \$1,000,000; Merchants National Oil Co., Ltd., Lethbridge \$1,000,000; Sands Oil Co., Ltd., Calgary \$1,000,000; Western Oil Stock Exchange, Holding Co., Ltd.

Was Confined to His Bed for Four Months With Rheumatism

Mr. W. H. Riley, Ruddell, Sask., writes: "It is with the greatest pleasure that I can recommend Doan's Kidney Pills to all suffering with rheumatism. I was so bad with this terrible disease, I was unable to get up from my bed for four months, and nothing seemed to relieve me until a friend recommended Doan's Pills. I had my doubts about them, but was so desperate I would try anything suggested to me. After taking half a box I was able to get up, and after taking two boxes could get around quite well. After taking six boxes I was completely cured, and able to work for the first time in five months, and have not had a touch of rheumatism since. Anyone who saw me then would not know me now, as I am strong and active since taking your valuable medicine."

Doan's Kidney Pills help the kidneys to flush out the acid and poisonous impurities which have collected, and thus clean out the kidneys, and dispel the rheumatism from the system.

Doan's Kidney Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

ready in for big blocks of the 25 cent issue and the company should have an adequate treasury in a very few hours. The Alberta-Beaumont has pooled its vendors stock, protecting the treasury, which is a recommendation not applying to most of the Calgary companies.

(Special to the Capital)

Calgary, May 22.—Another gusher is reported from the Dingman well, but this is to be expected, as gas is forming at the bottom of the shaft and when enough accumulates to force its way through the oil an explosion or gusher takes place. The well is being piped and it is expected that in a day or two the fluid will be transferred to tanks that are being built. The Dominion Western railroad announces that it will build a line through the oil field, passing between the Dingman wells, No. 1 and No. 2. The C.P.R. is also reported to be preparing to build from Alderley. This corporation has extensive holdings in the district and stands to win heavily if the oil discoveries prove of permanent value.

Leases in Demand.

Rumors are being spread from the Black Diamond and McLaughlin-Segur wells, but there is no confirmation, and the reports are discounted. Black Diamond is forming another company to drill on new property. Leases are in great demand and worth real money.

(W.A.P. Dispatch)

Calgary, May 22.—One hundred strikes of drilling tools will be at work tonight and day in the Calgary oil district within the next three months. That is the estimate of A. P. Phillips, of the International Supply company, who is associated with W. R. Martin. This firm has contracts in various sections of southern Alberta, to drill 21 wells. One hundred rigs means more than 100 wells. It means several hundred and if only one-tenth of the wells produce gasoline of the character obtained from the Dingman well, then it will result in fabulous wealth for this district. The excitement here continues intense and yesterday was a busy day with the stock brokers. Callalates are pouring into the city, new camps are being floated and the prices of the shares of several of the leading companies continue to advance. Movement is on foot for the formation of a stock exchange, which is required to supervise oil transactions. Chief of Police Cuddy is to keep a sharp lookout for "wild caters," and will prosecute anyone doing a shady business.

Local Activity Continues

In Edmonton the oil boom has not yet reached its height, according to visitors from Calgary. All day yesterday afternoon and evening and into the early hours of this morning trading continued with increasing momentum and today the fever is of greater magnitude than ever, as while the excitement may be so great, there is more deliberate buying of large numbers of shares and at higher prices, of course.

Bank managers are understood to be looking to their currency, so that, when the first news comes of other oil strikes, which are expected they will be able to take care of any "run."

Herron-Elder continues to show great activity locally. The late Dr. Griffith Realty company, for instance, sold 5,444 shares of this stock Saturday, May 21, at 10 cents. Monday, May 22, it went off the market at \$1.25, and is now quoted in Calgary at \$1.25 to \$1.50.

Alberta-Beaumont and Alberta Paraffin, two companies backed by local capital, sold out their entire ten-cent issue in an hour or two yesterday morning and were making thousands of sales at 25 all afternoon and evening and this morning.

Two of the interesting events of yesterday were the buying of \$2,000 worth of United Oil, a local hotel proprietor through D. E. Bran of the Northern Resources at \$11, the hotel man having received a tip from the refinery, and the report that Pat Burke, the cattle king, had bought the remainder of the Calgary issue of Piedmont, handled locally by McCutcheon brothers. Both of these companies show increased activity.

The oil fields in the north country are feeling the effects of the Calgary-Oilokots discovery, and selling thousands of shares. Some of the most prominent of these are the Nakamun, the Great Northern and the Athabasca.

Yesterday Calgary friends of a prominent hotel man of Edmonton telephoned to him that the stock of the United Oil, Limited, was sold out.

and advising him to secure in this city all that he could handle.

He promptly got in touch with D. E. Bran of the Northern Resources, Limited, through whom he purchased 2,000 shares, paying for them the sum of \$22,000, which represented 110 a share and brokerage. Mr. Bran also closed a deal for 15,000 worth of the same stock to another well known business man.

The Northern Resources have sold Monday approximately 100,000 of the oilfields of Southern Alberta, which \$20,000 worth of stock of the United Oil, Limited. Mr. Bran stated that it is not true that the principal buyers of oil stock in Edmonton are small investors. After going over the Calgary oil field and thoroughly investigating the situation, he returned to Edmonton and has interested many prominent and wealthy men, because he has been able to convince them that his propositions are sound.

While Mr. Bran states that there is no longer any question of the value of the oilfields of Southern Alberta, it would be well for the investing public to exercise care in selecting the companies with whom they place their money.

**FIVE WHITE MEN

CHINESE PIRATES**

Daring Attack on British Steamer by Natives Disguised as Passengers.

**VESSEL DESTROYED BY
FIRE ON WEST RIVER**

Three English Officers and Two Portuguese Guards Kill 14 Chinamen.

Vancouver, May 22.—On April 27, 1912, the British steamer Tai On, a pirated on the West River under circumstances which aroused world-wide interest. On April 27, 1914, the same vessel was pirated on the same spot and this time was destroyed by fire after the British officers had put up a hard fight against the horde of Chinese pirates.

The story of the stirring battle was brought here yesterday by the C.P.R. liner Empress of Japan, which is in port from the Orient.

The Tai On sailed from Hong Kong at 7 p.m. on April 27 bound for Kong Mon, with general cargo, a crew of 40 (Chinese) and 363 passengers. The vessel was commanded by Capt. Wetherill, Chief Officer Evans and Chief Engineer T. D. McCartney, who was on the Tai On when the vessel was pirated last year.

Five Men Hold Bridge.

At 10 o'clock that night, when the steamer was off Kai Au, a number of pirates, who had shipped as passengers, made their appearance and threatened the other passengers with Mausers.

Capt. Wetherill was asleep, but the commotion aroused him and he jumped the pirates from the bridge, killing 14 of the pirates and wounding a number.

During the fight on the bridge the engineer was downed by a pirate, who almost strangled him, but Captain Wetherill came up and blew out the brains of the Chinaman. He shot so close that some of the blood from his gun landed on McCartney's hip.

Pirates Fire Ship.

The pirates then retired to the lower deck, stopped the engines, cut off the electric lights, and put the steering gear out of commission. Then they broke open some tins of kerosene and set fire to the Tai On. The fire spread rapidly and the vessel was soon aflame from stem to stern.

The Chinese passengers and crew jumped into the river, while the Britishers sent up rockets, which were sighted by the steamers Shan Lee, the Wo Kwei and the Shu On Hai Sang. These vessels came as near as possible and lowered boats and saved most of the passengers.

Some of the white men stayed with the ship until it was too hot and then they hung from the port holes shouting advice to the passengers. Mr. Evans as mate, finally grabbed a oar and jumped into the water and was never seen again. Chief Engineer McCartney was picked up by the Shan On and Captain Wetherill was rescued by the Wo Kwei. Two two Portuguese guards were also saved.

While the Empress of Japan was at Hong Kong excitement was at fever heat, the second pirating of the Tai On, and the British river flotilla are on the lookout for the pirates, who will get short shrift from these boats.

CONSTITUTIONALISTS TO SEND REPRESENTATIVE TO PEACE CONFERENCE

Washington, May 22.—The constitutionalists are preparing to send a representative to Niagara Falls to confer with the South American mediators who are endeavoring to settle the Mexican problem. This will be done with the distinct understanding that the representative is to give information as to the general character of the problem without committing the constitutionalists to any plan that the Mexicans may determine.

Jose Vasconcelos, now at Montreal on a financial mission for General Carranza, is understood to be the man chosen to go to Niagara Falls. It was said last night by men in close touch with the constitutionalists that he would arrive there within the next few days.

JACK KONG GUILTY OF MANSLAUGHTER IN MILLARD CASE

Vancouver, May 22.—Jack Kong was found guilty last night of manslaughter of Mrs. Clark killed on April 1, last, after a trial lasting four days. The jury was out over seven hours and on the announcement of the verdict there were visible manifestations of disappointment, it being generally believed that it would be one of murder.

The defense put forward was that Kong acted in self-defense and his counsel made a strong effort to impress on the jury the fact that it was Mrs. Millard who first acted as the aggressor.

ABSOLUTE MONOPOLY OF TRANSPORTATION IS MELLEEN'S IDEA

Washington, May 22.—An absolute monopoly of transportation under government regulation and control, was suggested by Charles S. Mellen, former president of the New Haven railway to the Interstate Commerce commission yesterday as the solution of the American railway problem.

"To get efficiency and economy," declared Mr. Mellen, "there must be a monopoly, and that monopoly is certain to be the United States government."

When asked why he relinquished the presidency of the New Haven, Mr. Mellen said he "practically was fired."

The Seventh Annual Alberta Musical Festival closed in a blaze of musical play last night with the final concert at McEwan church, and the awarding of shields, cups, gold and silver medals and certificates to the successful competitors.

(Owing to the unavoidable absence of His Honor, Lt. Governor Duly, the Lordship Bishop Grey, presented the prizes, and came to the platform with the adjudicators, Dr. C. S. Vogt and Mr. W. H. Hewlett. In his opening remarks Bishop Grey, stated he had been warned he would be allowed to meet the audience here in the cathedral and the pleasure of being accorded the honor of presenting the prizes and added that it should be remembered that "music is one of the things which lubricates the wheels of life."

Dr. C. S. Vogt followed with a few remarks on the musical progress of Edmonton, and expressed both astonishment and pleasure at the magnificent work of the choruses especially and characterized the work of the three male choruses, two of Edmonton and one from Calgary, as the most brilliant work of the festival.

He was followed by Mr. Hewlett who remarked on the surprises that had met the adjudicators here in the cathedral and artistic work of the competitors, and especially complimented the school choruses on their progress along musical lines, which he characterized as being enormously successful and as artistic and finished, as that of the city choruses.

He again expressed his pleasure at the good work being done in the city schools and the work of the musical director, (Mr. Beattie), who is largely responsible for the elimination of many faults previously noticeable in school choruses.

Mr. K. McGregor's performance was so repeatedly encouraged that he finally responded, this being the only one of the adjudicators who performed. He received the highest score of any of the competitors—57 points, his friends and he were pleased to show their deep appreciation of his talents.

The "Crusaders" under the direction of Major Watt, scored a decided success, and showed a remarkable talent and much painstaking work.

In a brief setting and in costume, the "Crusaders" with their weird music, fanatical fervor, and strange looks, would have made a most profound impression.

The work of putting this on for festival week has been a most ambitious, crowded with far better success than seemed possible with the short time the chorus and orchestra had to practice after the scores arrived, and certainly Major Watt deserves a word of credit for the manner in

Dizzy Headaches Cured in one Night

If Troubled With Head-Fullness, Ringing Noises, Specks Before the Eyes, the Stomach is at Fault.

Quick Relief and Certain Cure Came From Dr. Hamilton's Pills

"I had terrible pains in my head. My appetite faded away, and when I did eat anything it disagreed and made me feel sick for hours after each meal. The pains in my stomach and the dizzy headaches I had to endure almost set one wild. Sometimes attacks came on so severely that I had to go to bed. I would feel so worn, depressed and utterly miserable that for hours I wouldn't speak to my family. My system was poisoned with waste and nothing helped. All I used Dr. Hamilton's Pills. Without this grand system-cleaning remedy I would still be sick, but each day brought me better health and spirits. I was cured and made strong, ruddy, and healthy, and will always use and recommend Dr. Hamilton's Pills."

MRS. R. C. CURRAN, Westport, P.O.

"Thousands who are in an all-around state of health and need nothing else but Dr. Hamilton's Pills. 25c per box, or five boxes for \$1.00, at all druggists and storekeepers, or the Catherine Company, Buffalo, N. Y., and Kingston, Ont."

which the work was accomplished, and the magnificent effort produced.

The soloists, Miss Beattie Pille, Mr. David Jones and Mr. N. D. Moss, were well chosen and their parts were most excellently rendered. Miss Pille's performance was especially brilliant and effective, and her magnificent young voice never seemed to tire and range and quality than in last night's solo.

It was nearly midnight when the last echoes of a big chorus died away in a burst of musical fervor. The music served to light the way to greater progress and more musical and artistic accomplishments for the city and province in the future.

AQUATIC SPORTS AND DANCING AT ST. ALBERT, MONDAY

Edmonton Canoe Club Plans Big Water Event For the 25th.

THREE SPECIAL TRAINS FROM FIRST STREET

Bonfires and Lantern Decorations; Paddling to Music on River.

The Edmonton Canoe Club have decided to throw open their clubhouse on the Sturgeon River at St. Albert on Monday Day, May 25th, and make it the most enjoyable and profitable occasion in the history of the club.

Three special trains are provided for the convenience of visitors, leaving the C.N.R. station at 9 a.m., 1 p.m., and 3 p.m., and returning leave at 4:15 p.m., 6:15 p.m., and 8:15 p.m. respectively. The fare is 40c round trip.

The afternoon will be spent in playing baseball (bring your glove and bat), tug of war, canoe racing, music and dancing. An invitation dance will be held in the evening for members and their friends. Note that there is a train leaving Edmonton at 3:15 p.m. for those who wish to dance but can't get out earlier in the day. No one will be admitted to the dance without membership ticket or invitation.

The grounds are being brushed out and platform and walks are being built, new lights purchased, and a special feature consisting of fire and lantern decorations is being provided for the evening. Can you imagine anything more enjoyable than dancing to music on a good floor, or strolling through the grounds by the fire and lantern decorations, or while you listen to the music?

Canoes will be carried free on the C.N.R. train. Each member must load and unload his own canoe.

Refreshments can be had on the grounds all day. Members desiring automobiles are requested to use them to good advantage and bring as many of their friends as they can transport. This is the first big water event of the Canoe Club this season.

Bergs of Enormous Size. Boston, May 22.—Numerous bergs and heavy fields on the Grand Banks compelled the Sweden-Norway line steamship which arrived here yesterday from St. Lawrence to make a long detour to the north. Captain Hillstrom reported that some of the bergs were of enormous size and looked like snow covered islands.

SUMMER TABLE TO GIVE FASTER TIME BETWEEN CITIES

Canadian Pacific's New Schedule for Edmonton is Announced this Morning.
DIRECT DAYLIGHT HARDISTY SERVICE
Winnipeg Train Will Leave Half Hour Earlier—Also Spokane Express.

A. J. Shulman, traveling passenger agent of the Canadian Pacific, returned from Calgary this morning and made the first local announcement of the summer train schedule of the C. P. R. which will come into effect May 31, a week from Sunday. The changes show that the big transcontinental is recognizing the importance of Edmonton as a traffic center. An additional train each way daily except Sunday will be put on; at least, it is as near as can be as Edmonton is concerned, as the local which formerly ran between Wetaskiwin and Hardisty via Wetaskiwin will now leave here at 12:30 noon, and leave for Hardisty at 4:05 in the afternoon.

Edmonton and other cities, such as Winnipeg, Saskatoon, Calgary and Spokane will be shortened considerably. The train which now leaves at 8 a.m. for Calgary and arrives there at 3:50 to connect with the westward train, will instead leave Edmonton at 7:30 a.m., arriving at Calgary at 2:45 p.m., thus making a time saving of 15 minutes. It will arrive there before and providing for a corresponding reduction between here and Spokane. Northbound this train will arrive here at 9:30 instead of 10:40 as now. The Winnipeg train, the Great West Express, will leave Edmonton at 10:12 p.m., instead of 9:45; and arrive here at 8:40 a.m. instead of 7:45, thus giving eastbound passengers half an hour longer in the city before leaving time. The trains which leave here for Calgary at 2:30 and 11:30 p.m. will remain unchanged.

HAD INDIGESTION

Almost Despaired of Ever Getting Well.
When your food has not been properly digested, your body has not received the benefit it should. The excretions of the gastric juices have been directed entirely to removing the undigested, undigested portions of food, which they cannot properly digest as readily as food from the body; therefore only getting the blood a small percentage of nourishment which to feed the tissues. No wonder then that indigestion and dyspepsia attack the stomach. No medicine can cure for this particular disease. It regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health to the debilitated system. My Mrs. Mackay, Hunter's Mountain, N. S., writes: "I was troubled with indigestion for more than ten years. I tried several doctors' medicines, but the power to cure, but all without success. Having heard of the many cures effected by Burdock Blood Purifiers, I tried a trial. After taking two bottles I was completely cured. My appetite which was very poor, is now good. I can eat most everything without any disagreeable feelings. I can strongly recommend R. B. R. to anyone suffering from indigestion."

FARMER BECOMES FURIOUS AND IS TRIPLE ASSASSIN

Saskatchewan Man Shoots Three Women Dead and Probably Another.
HAD INDUCED WIFE TO LEAVE HOMESTEAD
Murderer Flees From Son of One Woman and Committed Suicide.
Thief River Falls, Minn., May 22.—At 3:30 o'clock yesterday morning at the home of O. K. Olson, living 20 miles northeast of this city, occurred a triple and perhaps a quadruple murder and suicide. Laila Olson, was the murderer and suicide, and his victims were Mrs. Ludwig Larsen, Mrs. Olson, and Helen Olson, a younger sister of Helen.

The murderer appeared at the home of Olson in the morning, following Olson in the field. He was met at the door by Mrs. Larsen, who refused him admission and threatened him with a pair of ice tongs. The man immediately drew a 32 calibre revolver from his pocket and shot the woman through the breast, and as she ran into the yard, he followed and fired again, the

second bullet penetrating her head and killing her instantly. The man then entered the house and shot to death his estranged wife, formerly Helen Olson, and Olga Olson, a younger sister. He then turned the gun on Mrs. O. K. Olson, mother of two of the girls, and fired five shots into her body. The elderly lady is still alive but mortally hurt. It is thought that during the fusillade the murderer was attacked by the family dog and he also ended the life of the canine with his deadly weapon. About two weeks ago Ludwig Larsen and his wife went to Canada and in the fall of 1913 he was charged with the murder of a woman named Olson, who was his wife. He was released on bail and returned to his home in Saskatchewan, induced the girl to accompany him home. Gilsud returned, found his wife gone and immediately followed. There was no witness to the tragedy excepting a brother, about 22 years of age, who drove into the yard just as

THE GAY WORLD.

Mrs. Byles Improving
The latest bulletin from Government House is that Mrs. Byles rested fairly well last night, and probably had more natural sleep than she has had since her illness. She was also able to take and retain considerable nourishment, and Dr. Nicholls thinks there is a decided improvement in her heart action.

The Women's Press Club will meet tomorrow afternoon at the club room in the civic block at three-thirty for a social hour, when it is expected they will have as guest the Honorable Mrs. Norman Greenway of London. The president hopes all members will find it convenient to be present.

Rogers-Stokes.

A very pretty wedding took place in the Church of the Good Shepherd, Calder, on Wednesday, when Miss Eleanor Eva Stokes, only daughter of Mr. and Mrs. Wm. Stokes became the wife of Mr. Arthur Rogers of Elm Park, Rev. A. E. Blood officiating.

The bride was given away by her father, looked lovely in a dress of white embroidered with a veil of orange blossoms and carried a bouquet of cream roses and carnations.

The bride's gift to the groom was a beautiful pearl stick pin. The groom's gift to the bride was a pearl brooch; the three little flower girls were made happy by the gift of pearl and ruby rings.

After the ceremony a reception was held at the home of the bride's parents on Twenty-first street, Calder, when between fifty and sixty guests sat down to an elaborate breakfast.

Many beautiful presents were received which attested the popularity of the young people.

Box Holders at Spring Races. As the opening of the race meet draws near, the atmosphere at the Exhibition grounds is charged with excitement and expectancy, which, under no consideration, however, is permitted to reach the racers. Racing horses must only know excitement on the track—and not feel it, then, it is safe to say that no child in the city of Edmonton receives more tender care than the horses to start at the race meet, and few the same attention.

Granted fair weather, the attractions of the race meet are so great that it behooves every woman in Edmonton to attend. Those who have witnessed the races in previous years to not need to be reminded of the date, with the coming of spring reminiscences of past pleasure have been born in their minds, and they have found the date that the dates are May 23, 24 and 25.

Applications for boxes should be sent in immediately in the spring race meet. The following boxes have been allotted and as the leaves only a few, anyone desiring a box should make early application.

MARGARET ILLINGTON CHARMS EDMONTON IN "WITHIN THE LAW."

It is rather remarkable that, with all the money loosely floating round the streets to buy oil stocks, the magnificent presentation of "Within the Law," with Margaret Illington, at the Empire theater last night, was not greeted by a capacity house.

The crowd was only fair sized, whether because of the beautiful outdoor weather or for some other reason. Perhaps local theatergoers waited for the opinions of the "first nighters," but if such was the case, it is safe to say that every clever four-act satirical drama will play to full houses tonight and twice tomorrow, for seldom, indeed, do people get such opportunity to witness plays of the same force as "Within the Law," and at the same time such unusually fine acting with such a noted actress.

Carrying the Chief Role. Limitations of the law, and the apologetic battle of wits between the police and the denizens of the underworld are vividly, even humorously portrayed in this very clever four-act satirical sketch of metropolitan life—"Within the Law."

Miss Margaret Illington, as the star, achieves not only the stereotyped "personal triumph," but scores a real artistic success. Her own unquestioned ability fits nicely in the character of the wronged, persecuted working girl, which Bayard Yeller so deftly leads through three acts of trials and tribulations to the usual triumph of right over wrong, just before the curtain's final fall.

"Within the Law" is by no means a new play to local theatergoers. In the stellar role it has a distinct advantage in comparison with other portrayals of Mary Turner, and is undoubtedly the best yet seen in this city. It is a play of the law, but comparisons are odious anyway, and if there is any better execution of this dramatic emotional role possible, it has yet to be won by local patrons of the drama. Suffice it to say that she simply lives the part.

Miss Illington captured the capacity house, right in the first act, when in the custody of a husky officer of the law and snarling under the indignity of being taken through the streets manacled, she makes a heart-rending appeal to the proprietor of the big department store for a living wage for the hundreds of working girls in her employ. In the succeeding acts, where as the head and brains of a blackmailing gang, who under her and her lawyer's able direction, just keep "within the law," the Mary Turner of Miss Illington is a finished bit of emotional character work.

Perhaps second to Miss Illington on the cast comes Miss Hilda Keenan, whose portrayal of the clever and pretty blackmail artist is superb. When it comes to right-down-to-the-minute flowery slang without in the least overdoing it and without getting too vulgar, Miss Keenan gets her palm. The able manner in which she played this usually difficult role won the unanimous approval of all of last night's audience. Seldom, if indeed ever, has such a part been so well taken to a local stage as that which from its very nature has difficulties. Miss Keenan looked, as well as acted, the part. Her father is also an actor, and appeared in a headline playlet attraction in Orpheum vaudeville at the Empire last winter. The latter at the time made a distinct hit in Edmonton and from Miss Keenan's work in "Within the Law," it would seem that histrionic ability runs from generation to generation.

A thoroughly typical example of metropolitan police character is Joseph Burke, the rough-and-ready police official, would be hard to improve upon. His masterful mannerisms and quick-decree methods, combined with rare but appreciated touches of humor make his work stand out clearly.

Mr. Slater takes full advantage of the opportunities afforded him in the strong final scene laid in his office where the real murder is made to confess his crime by third degree methods. But the usurpation of legal and constitutional rights by the inspector is not flattering to the police hierarchy of New York.

Another thoroughly artistic character study is given by Frank C. Camp

as Joe Garrison, the gunman of the gang. His opinion of the law and the police is well summed up in his line: "It's not what you do, it's what they make the jury think you did!" Mr. Camp's emotional work in that tense murder finale to the third act, and again just preceding the confession in the fourth act, left nothing to be desired in the way of realistic portrayal. His evident pride in his original methods of crime and the doubtful honor of being the first "gunman to use a Maxim officer" were very clever bits of character enactment.

The "Richard Gilder" of Robert Elliott was a clear-cut, manly presentation of a difficult emotional role. The same may be said of Howard Gould who, however, was rather unconvincing looking man to be the father of such a big son, to say nothing of heading such a large business as the importation of Jules Ferrar, makes a creditable and imposing detective, Sergeant Cassidy, but his Irish brogue would stand a little mauling in some places.

Frank Jewness made a good English fop, as Eddie Griggs, the police "stool pigeon." The other supporting characters were all excellently taken, and his Irish brogue would stand a little mauling in some places.

GABBY GENT WITH REALLY SOMETHING TO SAY FOR EMPIRE

Talk, according to an old proverb, is cheap. The creator of the saying, however, reckoned without considering Julius Tannen, one of vaudeville's foremost monologists. Mr. Tannen styles himself the "Chatterbox," but unlike most continual talkers, he has something to say. He has a keen wit, and his expressions are original, while his delivery and personality are unique and decidedly pleasing.

Mr. Tannen is now one of vaudeville's favorites, few are unfamiliar with his gift of gab. Mr. Tannen is also well remembered on account of his work with several musical productions.

The "Chatterbox" comes to the Empire theater the first half of next week as one of the features of the Orpheum vaudeville bill.

To think mine own hands drove the nails! I sang a merry song. And chose the heaviest wood I had To build it firm and strong.

If I had guessed—if I had dreamed Its weight was meant for me, I should have made a lighter cross To bear up Calvary's steep.

DOUBLE HEADLINER,
ONE LOCAL, FOR THE
PANTAGES, NEXT WEEK

Instead of one headliner, Pantages will offer two for the coming week. The main feature of the bill from a local standpoint will be the feature reel of pictures in which Charles L. Gill and a company of associate players appear in a comedy film, "An Indian Anniversary." The moving pictures were taken some 70 miles from Edmonton on the Hobema Indian reserve several weeks ago and every one of the dozen characters who take part are well known locally. Some thousand feet of film were taken, part of which show the main streets of Edmonton and these pictures will go all over the extensive Pantages circuit and be considerable of an advertisement for the city.

It was while attending the ceremony of Mr. Gill's being made and of which full particulars were printed in the Capital, that the idea occurred to make the event into a short picture play. The result will be looked upon with

interest by Pantages audiences next week. "The Schoolmaster," will be the additional headline of next week's bill at the Pantages. "The Schoolmaster" is a farce comedy presented by W. W. Humble and enacted by a cast of seven merry, melodious entertainers. A quintette succeeds in making the half hour of this comedy one long succession of smiles, laughter and hilarity. The schoolmaster and his pupils are all there, and the members of this unique school, follow their research into history, mathematics and literature by a series of enjoyable musical numbers. Following "The Schoolmaster" in the make-up of next week's bill will be seen "The American Newboy's Quarrel," a famous singing organization, originally four newboys, picked up from the streets of New York City. The big feature of the bill will be a pantomime novelty presented by Lilian Jewell, with the aid of her miniature stage and a company of well manipulated marionettes. Cooper and Richardo have a novel singing and entertaining act, while the athletic number on the program will be contributed by "The Standard Brothers." Monday, Victoria day, there will be three performances as usual on holidays.

of Gade, senior, forced his daughter to marry Gopher, his foreman. Marylee still loves Buck and meets him at every change. This becomes known to Gopher, who determines to kill him and, prompted by jealousy, he is very cruel to Marylee.

The war goes on and several attempts are made to kill Buck. Finally Gopher compels Marylee to write Buck a note telling him that she is held prisoner by her husband, who threatens to send her to an asylum and begs him to come to her rescue at once. Buck starts off at once, unaccompanied, to effect her rescue. He reaches the house and just as he is about to signal Marylee through the window, Gopher, assisted by one of his men, knocks him down and the men proceed to tie him up with ropes. They then carry him off to an abandoned outhouse. Gopher then dismisses his men, stating that he will fix Buck.

Gopher, sitting opposite his prisoner, proceeds to sharpen a knife on his heel. He shows how he intends to kill him. Gopher leans forward and smites him on the lip. Buck throws himself backward on the stool, kicking straight up as he topples over. The toe of his heavy riding boot catches Gopher under the chin, and he falls down as though hit with a pile driver. Buck rolls over, staggers to an upright position, and raps the rope around his wrists up and down the sharp point of the axvil. He releases himself before Gopher regains consciousness and makes his escape.

Shortly afterward he meets Marylee again and she plainly exhibits signs of the Gopher's abuse. A week later Buck is riding over his ranch. Lying wait behind a screening of brush the Gopher, with rifle in hand, is waiting for Buck to ride by so he may kill him.

A man totters up behind a bush on the crest holding a gun. He sways a few seconds and disappears. Next a woman runs around the base of the ridge and speeds toward Buck.

"Don't shoot!" she cries. "It's only me, Buck." Marylee is sobbing against Buck's bosom when horsemen approach, composed of her father and a number of his men. Buck immediately jumps in front of Marylee and awaits their attack. Old man Price rides forward with outstretched hand, making signs of peace and looks upon the scene with evident signs of approval. Lying upon some shale was the body of Gopher. Old man Price gazes at the body for a moment and who dares killed Gopher? Did you get him, Buck? Buck shakes his head. Everybody turns to the Gopher's widow, but she does not utter a sound nor make a move, but continues to nestle in Buck's arms. One of Price's men grunts and throws Gopher's body over the back of a horse and slowly rides away.

FRANCIS BUSHMAN
IN LEADING ROLES
EMPERESS THEATER

A feature film that visualizes a story of love, jealousy and ambition, with the noted picture star, Francis X. Bushman in one of the leading roles, comes to the Empress theater for today and tomorrow.

A bright man, a splendid son, was in love with a simple, deserving girl. His mother lorded it over him and all since he could remember, but that was her privilege, even more, it was her duty. However, he was surprised when she blighted his one right. She offered serious objection to the little lass and strongly favored another girl. And feel she was not wanted. Heart's been to aches.

He proposed. She asked for time until tomorrow. But mother was so

determined on winning her point that even the air was unpleasant to breathe. So he wrote to the little girl. In the note he told of his suffering and of the peace his heart craved. He requested an immediate answer by return note. She answered it, writing that she would be waiting with her answer at the gate at eight. His mother suspected, intercepted the note, hid it in the pocket of her house gown. Eight o'clock came and went, but he did not come—in disappointment she suffered. An answer to his note did not reach him. He decided he was being toyed with; however, all was sadness. She went away—we found her with the Salvation Army. He gave every minute to his business trying to forget.

She entered into the good work of her associates; she was dull; her spirit gone. Bright eyes grew dim—soft cheeks grew pale and her lovely form was fast fading away into the tomb. Those about her worried; but no one could tell the cause. Until one

day a large collection of clothes was brought to the army headquarters. She assisted in sorting them for repairs and distribution among the poor. One of the old house gowns caught her eye; she admired it and impulsively put her hand into the pocket and there found the note and realized it was never delivered. They thought she was dying as she lay with the note clasped in her hand tightly. On the day he was to marry the girl, his presence was necessary at the army headquarters because of a real estate deal. He saw her, she recognized him, no one could explain her illness. She showed the note and then the gown—he was stunned. Then he understood, and all ends happily.

The photography is excellent, and the other parts are handled with utmost skill.

The talented Empress Concert orchestra will render selections, as also appropriate pieces will be given on the large pipe organ.

"WILD WOMEN" WRECK HALF DOZEN VALUABLE MASTERPIECES OF ART

London, May 22.—The "Wild Women" of the Women's Social and Political Union, the militant suffragette organization, today continued their terrorizing tactics by making two separate attacks on national art treasures.

The turning of the battle in the vicinity of Buckingham Palace, where a column of determined women armed with a loaded cane ruined five masterpieces in the National gallery.

Almost simultaneously a no other woman wrecked a picture hanging in the Royal Academy of Art. Both women were arrested.

A little later the magistrates before whom were brought the 57 women arrested in connection with yesterday's disturbances was compelled to suspend the proceedings because an accident created such a din that nothing could be heard.

The pictures damaged at the National gallery were a "Portrait of a woman" by Raphael, a "Portrait of a child with infant saint" a "Portrait of Giovanni Malatesta" "Saint John and Christopher" and a "Landscape with the death of Saint Peter" and "Christ's agony in the garden."

The painting damaged at the Royal Academy was "Primavera," by George Clausen. The academy was filled with a fashionable throng when a woman drew a butcher's cleaver, which she had concealed in her clothing and slashed at the picture. Attendees at once seized her and it was only the presence of the police which prevented her from being roughly handled. Both women refused to give their names. The National gallery vandal left a trail of blood behind her from cut on her forehead. The National gallery was immediately closed and the students turned out.

The National gallery vandal left a trail of blood behind her from cut on her forehead. The National gallery was immediately closed and the students turned out.

Three policemen were requested to prevent one of the prisoners from throwing herself out of the wall of the enclosure. Another woman removed her shoe and hurled it at the head of the magistrate, who came to the aid of the prisoner. When Sir John Dickinson, suspended the hearing, and ordered the court cleared there was a cry of "No more!"

Subsequently the women were again brought in. Most of them were bound over to keep the peace for six months, but they unanimously refused to find sureties.

EDMONTON CITY DAIRY HAS FORMAL OPENING OF DOWN TOWN BRANCH

The formal opening of the new down town branch of the Edmonton City Dairy was held last night. The new store is situated immediately east of the Garland theatre. Jasper east and is housed in very attractive quarters.

There was a large attendance at the opening. The retailers of the city and representatives of the press were invited to get her out but found that she is definitely fixed up in white tile and enamel. Everything about the store is cool and clean.

The guests saw butter in the course of manufacture and other processes connected with the business. In addition to the catering trade, ice cream and the sale of pure dairy foods over the counter the new branch will supply rush orders to retail customers, there being a shipping department in connection.

NEW WAGES SCHEDULE FOR SCHOOL CONTRACTS

Geo. E. Turner, Building Commissioner for City Schools, Resigns.

The resignation of Geo. E. Turner, building commissioner, was received by the school board at their regular meeting last night.

After careful consideration, I believe it will be to my advantage to resign from the board, at the same time expressing my regrets at severing my connection with the Edmonton Public School Board, with whose trustees and officials my relations have always been of a most cordial and friendly nature.

"May I respectfully request, that in view of the fact that I have nearly completed five years' service with your honorable body, in which time I have only been able to take five weeks' holiday, that the board grant me two months' leave of absence, on condition that I am prepared to resign at the end of the present year, at present salary."

FATHER LEMARCHAND GETS PRESENTATION PURSE AND ADDRESS

Rev. Father Lemarchand, was the recipient of an address and purse containing \$150 last night. The occasion was his departure from the south side parish to that of St. Joachim's on the north side. J. J. Dugan acted as chairman. Most of the remarks were made, mostly on the successful way in which the work of the parish had been carried on. Following is the address in part:

To Rev. A. Lemarchand, O.M.I. The members of St. Anthony's parish are surprised to learn of your departure, but knowing your ability we can easily understand why His Grace saw fit to make the change. In the past two and a half years you have been identified with the growth of St. Anthony's and the establishment of St. Rene's. You have been diligent regarding the financial and spiritual needs of both parishes and have had indeed a busy life.

START WORK GRADING GROUNDS ADJACENT TO PARLIAMENT BUILDINGS

About 20 teams and a large gang of men encamped today on the property between sixth and seventh streets adjacent to the Parliament buildings. The work of grading the property preparatory to laying it out in terraces for gardens is being started.

Four large tents have been erected and the teams will be stabled right on the ground.

Picked peanut meal is used for ball by the French ardent fishermen.

ULSTER MEN WILL HOLD UP RAILWAYS MAIL AND TELEGRAPH

London, May 22.—A mishap to a motor cycle dispatch rider revealed a new plot on the part of the Ulster men to set up a provisional government at once, when the home rule bill passes next week.

Papies the messenger carried showed that the Ulster volunteers, on receiving word from Belfast headquarters, were to seize certain postbox centers, mail, telephone and telegraph wires, with those halts.

PLAN ENTERTAINMENT FOR SOUTH AMERICAN PEACE NEGOTIATORS

Toronto, May 22.—That the negotiations regarding the United States with Brazil Argentina and Chile in the settlement of the Mexican affairs will be officially entertained by H.R.K. Duke of Connaught has been decided by the governor general. It is not certain on what day the members of the conference will be able to leave Niagara Falls but it is likely the diplomats and their wives may be the guests of honor at the royal garden party to be given at "Craigside" next Wednesday afternoon.

Last night the mediators and the American and Mexican delegates were the guests of Martin Burrell Canadian minister of agriculture who gave an official dinner to the distinguished visitors on behalf of the Canadian government.

At the dinner Minister Burrell delivered an address of welcome in which he referred "to the increasing desire of all civilized people to refer the settlement of international troubles to the calm and reasoned decision of national intelligence rather than to the drama of the sword." He said the Canadian people hoped the conference would result in a solution which will not only make for an honorable settlement of this dispute, but strengthen the ties of peace and good will through this vast continent.

EX-MAYOR SHORT PASSED STANDING CAR, BUT HE TECHNICALLY DID NOT

Among those to visit the police court on business this morning was William Short, ex-mayor of Edmonton. Mr. Short owns an auto and this was the cause of the trouble. Constable Gagnier was standing along Jasper avenue in the vicinity of Eighth street, noticed the well known K.C. coming along in his auto and pass behind a stationary street car and proceed along Eighth street. This led him to lay a charge. Mr. W. Eager who was appearing for the defendant stated that the street car had run upped at the right place and therefore when his client turned behind the car and continued along Eighth street, he really never passed the car as it had stopped across the street instead of the corner as it should have done. After conceding the cause his own counsel dismissed the case as Mr. Short technically speaking had not passed the car but only part of it.

Killed in a Runaway. Guelph, Ont., May 22.—John Thirring, a farmer, living on the old David O'Connor farm on the York road, half way between Guelph and Rockwood, was instantly killed yesterday. The team which he was drawing, trawled with ran away and Thirring was thrown from the wagon, one of the wheels passing over his neck.

Hail Does Damage. Grand Forks, N.D., May 22.—Every window facing west in the town of Denhoff, N.D., was shattered by hailstones yesterday.

Adam Pifer, a farmer residing near Kief, was killed by lightning in the same storm and several were injured by the hail stones.

QUICK HELP FOR CHEST SORENESS! ALL CONGESTION MADE TO GO QUICKLY!

Worst Cold or Sore Throat Cured in Quick Order, RUB ON NERVINE

Rub Nervine plentifully over the neck and chest—rub it in well—lots of rubbing can't hurt. The relief will be surprising.

Nervine is effective because it is powerful—about five times stronger than an ordinary liniment. Nervine is penetrating, sinks in through the tissues, gets right in where the soreness and congestion really are. Its action is marvellously soothing. Rubbed on at night, it draws out the inflammation, and before morning takes away that feeling of tightness, and stops the cough entirely.

FARMERS ARE WILLING TO TAKE HELP, BUT NOT PAY HARVEST WAGES

Chas. S. Harbison, stated today that the provincial government is making strenuous efforts to place as many unemployed men on the farms as possible. He found that numerous farmers were willing to take men at \$20 or \$25 per month, but that few were in a position to offer \$35 or \$40. The farmers wanted men who could be relied upon and not men who were liable to be taken away and do good deal of damage.

Mr. Harbison has charge of the work of distributing the unemployed over the rural districts where men are required.

NOT MORE THAN TWO PER CENT OF CANADA'S LAND UNDER CULTIVATION

Ottawa, May 22.—The potential agricultural resources of Canada are indicated by the fact that not more than 2.6 per cent of the total land area of the nine provinces is now under cultivation. This is one of the interesting statements in a bulletin just issued by the census and statistical branch of the department of trade and commerce.

DIMENSIONS OF CUP CHALLENGER THE SHAMROCK IV.

Georgetown, England, May 22.—Through the courtesy of Sir Thomas Lipton, an inspection was permitted yesterday of the Shamrock IV in Cranage and Nicholson's yard where for several months the challenger for the American cup has been under construction and has been jealously guarded from the scrutiny of outsiders.

Chas. E. Nicholson her designer assisted in laying bare some of her secrets, but refused to disclose all, notably that which is most interesting to yachtsmen, the rail area of the new challenger.

The following figures of the Shamrock's dimensions may be regarded as authoritative: Length over all 119 feet; Length on the water line 75 feet; Greatest beam 22 feet; Draught without center board 12 feet. With the center board down to its full extent the draught will be ten feet additional.

THREE DAY RACE MEET OPENS AT 2 P.M. ON SATURDAY

Biggest Events in History of Edmonton Racing Are Expected.

TWO HUNDRED AND FIFTY HORSES IN TRAINING

Special Car Service Arrangements to and From Exhibition Grounds.

Racing circles are on the quiver these days in anticipation of the biggest race meet ever held in Edmonton. With 250 horses in training, and no detail left unattended by the management, the public may look for a race meet exceptional in every way.

Starters, judges and the experts who will have charge of the pari mutuel, are all on hand, and everything is in readiness for the opening of the Spring Race Meet tomorrow afternoon at two o'clock.

The arrangements made by the street railway department for conveying people to and from the grounds are all that could be desired. Commencing at 1:15 a two and a half minute service will run from First street and Jasper avenue to the Exhibition grounds. From Ninth and Jasper, starting at 1:47, a five minute service will be available. From the South side there will be a five minute service over the high level bridge. These cars will all be placarded on the front "This car for the Races."

The regular five minute service along Alberta avenue will run as usual, and people who desire to take this route may do so, and enter the grounds at the Alberta avenue gate. The other route, however, is the shortest and most direct.

A satisfactory car service has also been arranged to bring the people back to the city after the performance each afternoon. Cars will pull up at the regular landing platforms through the stables.

Hand booking will not be permitted on the grounds, and an efficient detective service has been engaged to see that all the regulations of the Association are carried out. All objectionable people will be ejected from the grounds, and the Edmonton Exhibition Association will see that the race meet is of the same high order as the Spring Horse show.

WANT BOXING AT OLYMPIC GAMES

Is An Important and Successful Feature—Americans Particularly Desire It.

New York, May 22.—The New York state athletic commission through secretary Chas. Harvey has requested the members of the American Olympic committee to urge the introduction of amateur boxing at the Olympic games to be held in Berlin in 1916. Secretary Harvey in his communication to the U. S. delegates to the International Olympic Congress to be held in Paris next month, states in part:

"In view of the fact that amateur boxing is controlled and popular in the U. S., the Dominion of Canada, England, Australia and France, I am placing before you the appeal that the delegates of the United States, at the congress in Paris in 1914, bring forward the proposition to add boxing to the list of Olympic sports."

"We have had amateur boxing at two previous Olympic games—St. Louis in 1904 and London in 1908, and the general opinion seems to be that at both of these Olympic games boxing was a very important and successful feature."

Give The Value and You'll Get the Business

OUR MOTTO since we opened our first store some years ago, has been "Give the Value and You'll Get the Business." That we have lived up to our motto is shown by the way our business has grown.

TORONTO, HAMILTON, EDMONTON, REGINA and now BRANTFORD—all have Tip Top Tailors' Stores and each store is giving the value and getting the business, growing and increasing every day.

Nowhere in the Dominion of Canada can you get clothes to equal our Suits and Overcoats at

Extract from the "Edmonton Journal" May 15th 1914.

WILL HAVE UNION LABEL ON THEM

By Tip Top Tailors Securing the Consent of the Union of Tailors in the City

It will be pleasant news for many who have been waiting for the first of the new suits to arrive. The Tip Top Tailors have been given a vote by the Union of Tailors in the City. The Union of Tailors in the City has decided to give the Tip Top Tailors the right to use the Union Label on their suits. This is a great honor for the Tip Top Tailors, and it shows that they are doing a good job of their work. The Union of Tailors in the City is a very important organization, and it is a great honor for the Tip Top Tailors to be given the right to use the Union Label on their suits. This will be a great benefit to the Tip Top Tailors, and it will also be a great benefit to the customers who buy suits from them.

Ours is a mill-to-man proposition. We buy the wools for five branches at once and our order is large enough to get mill prices. We do not own any mills in the Old Country (and want to say right here that neither does any tailoring firm in Canada). We get as near the mill-to-man idea as it is possible for any tailoring store to get. This, of course, enables us to give the wools in our clothes for \$19.00 that other tailors have to charge from \$5 to \$10 more for.

The beautiful way in which our clothes fit, the style and character with which they are finished is the result of years of conscientious specialization. We only think one price, make one price, sell at one price—our entire thought and effort from one year's end to best clothes in the world at the other is to turn out the best clothes in the world at \$19.00 to measure.

We only attempt one thing and we do that thing right. If you have been paying more than \$19.00 for your clothes—you do not need to. Just come and see our materials and let us show you the made-up models we have in the store, how our clothes are cut, tailored and finished. Put the other \$5 or \$10 in the bank.

COMMISSIONERS DECIDE AGAINST PLACING A TIME CLOCK AT CITY HALL

At the commissioners' meeting held this morning upon motion of commissioner Booth it was decided to abolish the idea of placing a time clock in the entrance of the Civic block to have the employees punch.

Commissioner Booth stated that there was considerable opposition to the movement amongst the employees and he was of the opinion that it was not necessary. The clock will be dis-

posed of and it is understood that a purchaser is ready to take the clock off the city's hands at the purchase price.

Masked Men Rob Bank.

Millerton, Okla., May 22.—Two masked men yesterday forced the cashier of the bank, Millerton, to give them all the money in the vault, about \$6,000, and, after marching the bank official and several other men out of the building, escaped on horse back to the hills. Posses were started in pursuit.

ESKIMOS HAD GOOD CHANCE TO WIN, BUT NINTH PROVED FATAL

Spaulding Pitched Well and Batted Nice Hit—Erratic Fielding in Ninth Allowed Chief Smith to Make Home Run, Scoring Two Runs and Winning the Game—Povey Steal Home in Spectacular Fashion.

After having played brilliant ball for eight innings and featuring in several plays of the big league variety, and the score a tie at the end of the eighth and every indication of a decisive victory in the ninth, the locals deliberated around and by poor fielding of a long fly to center, followed by a couple of weak plays, allowed the Red Sox to tally a home run and a single, score a lone brace of runs and win the old game in its dying moments.

Pitchers Worked Well
It was a heart-breaking game to lose for the Eskimos had played good ball and looked like sure winners, but nothing is so uncertain as a sure thing, as last night's game was no exception to the rule. Manager Stitz selected his best mound man for the occasion, Mr. Spaulding, a large individual over six feet in length and in proportion. The variety of slants he dished up was very fine indeed. He struck out four and walked but two. Spaulding, the local's heaver, had a good day and walked three and fanned six.

We Should Have Won
Eskimos out-hit their opponents six to five but the fatal ninth was too much for them, when, with one runner on base, stepped into the arms of Spaulding's offerings and tagged it with a home run sing. He had been preceded by a name-caller of his own, J. Smith, who hit a single, and the two runners scored on the four base hit, assisted by an unthinking play on the part of Spaulding when he made no attempt to catch the runner at the plate. By winning last night's game, the Red Sox took but one of the series, and as Calgary did not play last evening, the Eskimos did not suffer greatly in their league standing.

Povey's Steal Home
Bus Povey, who grazes in the vicinity of the scoreboard, proved himself to be the greatest thief of all time when he made one of the finest and most spectacular steals from first base home ever seen on Diamond park. Povey had slugged a nice three-bagger to the scoreboard, which Williams made a desperate effort to catch by climbing a ladder, but fell in the attempt. Povey was calmly reporting on third while Russell was at bat, and, in a sudden, made a sprint for the plate. Pitcher Rhode caught unaware, continued his wild delivery, but was too late to catch him at the plate and in his excitement gave Russell the fourth ball and passed him to first. Povey coming up the box, resembled an Arthur Duffy.

Red Sox Good Team
There were several other pleasing features to the game, among them being the splendid work of Chief Smith at short, Henry at third, Herritt on first and a nearly spectacular one hand catch of a long fly by Zoeller. Stitz made his initial appearance at short for the locals, but was given little to do, as he right place, third, and O'Brien kept a place warm on the bench, along with Jack Clayton and Bertie Buckenham. Lemieux was given a rest from behind the bat, but was a valuable man on the coaching line. Umpire Nelson had a quiet day, Williams of the visiting team coming in for more than his share of roasting from the fans.

Tie Score Until Ninth
Eskimos got the first tally early in the game, in fact, in the first inning, Bill Porter, whomumps loose so much,

was first to face Berger and took kindly to his offerings with a double to left and sacrifice fly to center. Zoeller scored when Goldie singled to left. Herbig got a pair in the third when Stitz went gratis to first and came home on Zoeller's hit to center, aided by a flimsy play of the relay by Redmond, and Zoeller scored when Porter dropped Herbig's fly to left. Eskimos went out one-two-three, in this inning, by the strike-out of Zoeller.

Smith's Home Run
Another run came to the locals in the sixth when Povey stole home after whacking a three-bagger to the scoreboard. This however, was our last board and the fatal ninth was the Eskimos' finish when the sellers put across two runs on Smith's home run hit. The hit which went to deeper center looked as if it should have been fielded by Goldie, but both he and Porter started after it but the latter slowed up and left Goldie the responsibility which he was not ready to undertake, and the ball went over his head to the bill board. He immediately relayed it to Redmond, who juggled a hit and eventually threw it to Spaulding who stepped down to the plate to catch the second runner, but the ball was thrown and the second run crossed, much to the worry and amazement of all present. The game was lost rich, and the Eskimos in their last effort, were very victims by the fly-out.

Medicine Hat is here today for a four game series. A double header will be played today. One game at 2:30 and the second at 6 p.m. There will be but one game Saturday, that at 6 o'clock and again Monday at the usual hour of 6.

THURSDAY'S MAJOR LEAGUE RESULTS
New York, May 22.—(American) New York won the first game of its series from Cleveland here yesterday the score being 5 to 2. Collamer was hit freely in the early innings, the locals winning the game by scoring 3 runs in the third on hits by Mausel and Schartz and Williams, a pass to Walsh and error by Cleveland's Oleson. Cooce was knocked out in the seventh when a pitched ball hit him in the back, but he continued playing.

Washington, May 22.—(American) Washington continued its winning streak yesterday by taking the first game of the series with St. Louis, 5 to 4. In the ninth with the score 4 to 4 and two out, Mueller on second, started a brawl and secured when Wary threw wild. Washington had tied the score in the seventh when Baumgardner forced a run.

Boston, May 22.—(American) Chicago won the first game of the series yesterday 5 to 1. The batting of Chase who made four hits one a triple, in four time at bat and of Dennitt figured largely in the white Sox victory. Philadelphia, May 22.—(American) The biggest crowd of the season at the baseball game here saw Detroit defeat Cleveland yesterday by 6 to 4. The visitors drove Blank off the rubber in the second, while his successor, Hawley and Cowley were both taken out in the third inning. Bressler and Pennek for Philadelphia and Cavel for Detroit all south paws finished the game for their respective teams in good style.

St. Louis, May 22.—(National) St. Louis through excellent base running and timely hitting, and through New York's base fielding, overcame a three run lead. New York secured in the first inning and won from the champions 8 to 4 yesterday. Huggins was hauled from the mound for diagnosing a decision by Umpire Eason in the first inning.

Cincinnati, May 22.—(National) Ratoon had one bad inning when Cincinnati scored seven runs, enough to win from Brooklyn yesterday. The

QUAKERS PLAYING SNAPPY BASEBALL TRIM MOOSE AWAY

Kallio Held Millers to Six Hits and Saskatoon Had Three Doubles.

Moose Jaw, May 22.—Better all round playing won last night's game for the Saskatoon Quakers and gave them the break in the series by a score of six to one. At no stage of the game did the locals have a chance with Kallio's offerings. The Quakers trimmer was in great form and held the heavy hitting Millers to six hits. All with the exception of Whisman's two baggers in the ninth were singles. In the ninth alone did Kallio get into a hole and in this session the Millers put over their only run on Whisman's double. Prices single, and a sacrifice fly by Waller.

Saskatoon played very smart baseball in the field and three fast doubles featured. Walters and three out of ten hits made by the Quakers, all of them being doubles. Harrah was knocked out in the eighth and the Quakers recently secured from Regina, nothing. The Quakers could do without him and went out one, two, three.

Both teams left for Saskatoon last night. Manager Weir will have Brown, a year with Medicine Hat, on the pitching staff in a day or so, and also Parsons, a catcher from Portland, of the Coast League.

ALL IN READINESS FOR SPRING RACE MEET OPENING SATURDAY

James Noble, Jr., Has Fine String of Trotters—The Indian, Tom Longboat, Sir Wilfrid, Fast Horses Here From Spokane—Tommy McGee and Foot Loose Hall From Mexico—Matinee Races Tomorrow.

There are horses starting in the spring races whose names are familiar to the local horse fanciers. Stabled in an adobe building, he tossed his head contemptuously once to often, and struck his eye on a protrusion on the wall—result, disaster. But Tommy McGee can see the wire as well with one eye as others can with two, and makes for it straight and sure. Two years ago he won six straight heats out of eight starts, eye or no eye.

The Indian is an old timer on Edmonton tracks, formerly owned in the city by Walter Wilkins, now belonging to the stable of James Noble, Jr., of Calgary, son of James Noble of the Northern hotel. Indian has raced for five years now, and in familiar with every turn of the game. Two years at the spring race meet here he stepped in 2:12. Last year he made a record of 2:09 1/4 on the Edmonton track.

The Expectant is a four-year-old trotting horse, sired by Exponent, owned by W. S. Herron, of Calgary old fame. At two years old he made a record of 2:20, which he made to break before the close of the race meet.

Included in the Noble string is Sir Wilfrid, son of Leland owned, owned by J. R. Sutherland of Calgary. Sir Wilfrid is a green horse, four years old, who has to show the world his mettle on the race track. He has been a paced with a record of 2:19, made on the Edmonton track.

W. M. Baker has brought a promising string from Sprague, Washington. J. M. Campbell, sired by a champion, is a three-year-old class. Since coming to Edmonton, J. M. Campbell was worked out for the first time with another horse and made a working out of three-eighths in 2:17 1/2.

Tommy McGee is an old campaigner who bears the marks of battle. It was by Silverdale, also worked out three-eighths of a mile in 37 1/2.

Foot Loose is a good horse at distances of a mile or more. He has been a mile in 1:40 and won nine races last year. Foot Loose is sired by Ogden.

Low Childs has brought several fine harness horses from Spokane, Hamilton with a record of 2:05 1/4, and Emory with a mark of 2:14, are perhaps the best known, Jim Hill, Hal Boy, Tom Moko, a trotter, and Defect, a fine fast upstanding bay mare, are all green races.

Horsemen on the Exhibition Grounds deny that they are superstitious—their mascots are simply here because they wouldn't stay at home. Dogs appear to be the worst "race followers," though a black cat is the "luck" of the T. E. Smith stable. "Doc" Ford cherishes a pure bred dog which goes wherever Sporting Life journals, Standard and all the best of the breed, but gentle disposition, part and parcel of the J. I. Dempster stable, a Boston bull dog and a Delmonico company the string of J. R. Daniels from Chico, California. George Girard's mascot is an Alabaster terrier reared by H. V. Shaw. To enumerate them would be a long story, but no matter how many, horsemen are not at all superstitious.

You'll Strike Oil

With no possible chance of being in the wrong circus if you patronize The Vogues' Good Bye Sale of Men's Wear.

We Won't

pay a big increase of rental in order to secure a renewal of our lease, because there is neither wisdom or profit in working for the benefit of a landlord. We would sooner be out of business altogether.

We Must

therefore move out of our present location at an early date. In the meanwhile we are offering our entire stock of men's wear at startling reductions and even at a loss.

We Won't

easily convince you that our stock is one of the most carefully selected and up-to-date you will find West of the Lakes. We know whereof we speak, and we will be only too happy to prove that what we say is something more than mere assertion. IT IS A FACT.

PRICES MAY GIVE YOU an idea, but unless you have quality you cannot say you buy at bargain prices. OUR PRICES ARE LESS Today by 25 to 50 per cent than they were yesterday, for the same goods. We do not pretend to be making anything by this sale. All we want is to realize our stock and get out. This is a plain statement. MAKE US PROVE IT!

AS President of the Northland Resources, Limited I take the opportunity of thanking the people of Edmonton for the Confidence they have placed in my Judgement in securing the exclusive sale in Edmonton of a block of 5,000 shares of United Oil, Limited, which was taken up by the public in less than 48 hours for \$50,000.

Realizing that my offering on the market was the best and is sure to make big money for investors, many well known men of affairs purchased the stock of the United Oil, Limited. The biggest deal put through by me yesterday was for 2,000 shares of this company, for which a prominent Edmonton business man paid \$22,000. Another well known citizen of Edmonton bought shares of this company through me to the value of \$10,000.

I shall continue to live up to my policy of personally and thoroughly investigating every proposition, and shall satisfy myself that it is worthy of the patronage of the public before I place it on the market.

D. E. BRAUN.
